<https://pooyising.github.io>

Final year Accounting & Finance student who is looking forward to a career in the accounting or audit industry. Detail-oriented and strives to uphold high standards in his work. Enjoys challenges, receptive to criticism and works well in a team. A coding enthusiast, graduated from a 12-week full-stack web development bootcamp.

Education

University of London (Bachelor of Science in Accounting and Finance)

Aug 2018 – Aug 2021

- Expected Honours: First Class Honours

Experience

Call Center Service Officer (Central Provident Fund)

Jun 2015 – Aug 2015

Provided personalized service for enquiries on a wide range of CPF schemes and services including GST voucher and MediShield Life enquiries. Resolved an estimated average of 150 calls daily. Dealt with angry or upset callers successfully and achieved high customer satisfaction.

Relief Teacher (Ministry of Education)

Jul 2014 – Sep 2014

Relieved Primary 1 to 6 classes at Beacon Primary School. Independently formulated and executed lesson plans and ensured that students were on track for their learning schedule. Team building games were incorporated into lessons, thus making learning more interactive and appealing. Mentored students in their school work and also taught Mathematics voluntarily to a Primary 5 Mathematics remedial class. Planned, organized and ran the school's Chess Club's activities.

Roadshow Promoter (Nestle Singapore)

Apr 2014 – May 2014

Exceeded daily performance target by more than 50%, as a promoter of Nestle products for Nestle's "Health and Wellness" campaign in various supermarkets island-wide.

Sales Assistant (BikesLinks Pte Ltd)

Mar 2014

Achieved sales of more than \$1,000 in 2 days for bicycles, gears and accessories at the SAFRA Bike Fair. Responsible for managing all sales transactions and receipts during the event.

Medical Record Officer (Institute of Mental Health)

Dec 2010 – Mar 2011

Retrieved, maintained and updated an estimated average of 150 patients' medical files daily for their scheduled appointments by liaising with other departments daily. Meticulously ensured that medical records were scanned and indexed accurately. Displayed a strict attention to details especially sensitive information.

Training & Professional Development

Alpha Camp Singapore (Full stack Web Development)

Sep 2017 – Dec 2017

- A 12-week bootcamp that taught both frontend and backend web development. Key technologies and concepts taught include: Ruby, JavaScript, Ruby on Rails, HTML, CSS, jQuery, PostgreSQL, Git and Heroku and Wireframing.
- Capstone Project was to build an in-house statistical aggregator for a local company, SGAG. The goal of the project was to solve the reporting and monitoring requirements of the performance of SGAG's memes and videos for SGAG and its clients. Presented the web application in front of approximately 100 people, including co-founder of SGAG. The presentation slides can be found at <https://bit.ly/2T9eByg>
- Please visit my portfolio website at <https://pooyising.github.io> or my GitHub map at <https://bit.ly/3zcUgbQ> to view my other projects.
